Or Last 12 Trading Months												

### ENERGY SUPPLY

	Oil	Tank Gas	Town Gas	Electricity
Do you have a contract with a supplier - who with and when does it expire?				
Do you see a change in usage during the next 12 months - what percentage?				
Do you pay a standing charge? If so, how much?				
Are you connected to the grid?				
If not, is the grid nearby?				
If not connected to the grid, how do you generate electricity?				
If you use a generator(s) do you own it?				
How is the generator powered?				
How old is the generator?				
When do you expect to replace the generator?				
Do you have a standby generator and/or battery back-up?
